

## Daily Idea

### Make your own Bird Feeder

#### Time to get messy

Mush together the seeds, lard, cheese and raisins in a mixing bowl.

Tie a string to your pine cone then cover it with the mix. Don't forget to fill the holes!

Pop it in the fridge until set, then it's ready for the birds!

#### Time to get messy again.....

Make two holes at one end of the cardboard tube and thread some string through so the feeder can be hung up.

Make two holes at the other end for the skewer, but do not thread the skewer through yet.

Spread the peanut butter on the cardboard tube, then roll it in the bird seed. Now you are ready to thread the skewer and hand on a tree.
